# **We are a Family Winery,**

founded in 1989 by Félix Callejo. We are currently the second generation, Cristina, José Félix, Beatriz and Noelia Callejo who continue this exciting legacy.

The experiences in other wineries of both José Félix (Petrus - France, 1999; Torres - Chile, 2000) and Noelia (Araujo - Napa, 2007 and 2010; Cobos - Mendoza, 2008) have provided the basis for further developing a philosophy based on the soil and to be *Vignerons*.

In the year 2000, we began to work in an *ecological* way in our vineyards, a clean, respectful viticulture, full of life for the soils and therefore for our wines.

This step, *made us and makes us return to the past to be able to look to the future*. Observe our surroundings, the landscape that surrounds us, the culture that we have acquired thanks to our ancestors always linked to the world of wine and the authenticity of our land.

# Viña Pilar

“The great tradition in Ribera del Duero has always been the traditional *CLARETES* made in underground cellars and consumed throughout the year. Pilar is a name of Castilian origin, and refers to an object that allows to sustain and give support. Pilar is also the name of Our Mother, that is why this wine is dedicated to this great woman who gives us support and love in our Family.”

Our vineyard is located in the village of Sotillo de la Ribera, on the northern edge of the Duero River Valley. We have 60 ha. divided into 25 plots distributed in a profile that goes from 830 m. in the lower parts up to 930 m. in the highest. This situation within Ribera del Duero, offers us soils of different geological origin. The ecological management, respecting each soil, allows us to create wines with soul, authentic and full of the expression of each land.

## Vintage 2019

### INFORMATION

This harvest is characterized by being of high quality and very typical in Ribera del Duero. Although low rainfall (only 365 l / m2 were recorded during the year), well distributed in winter, spring and the month of June. Winter temperatures were not too cold, which favored a somewhat earlier bud break than usual, towards the end of April. The month of June was hot but on the contrary the summer there were no days of temperatures as high as the harvest '18, which favored a complete maturation. We arrived in September with the advanced cycle, the harvest started at the end of September and the beginning of October. Excellent grape quality, small clusters and great sugar / acid balance.

## tasting

### TASTING NOTES

Pale color, with salmon tones, clean and bright. Nose of great floral intensity, fruity and somewhat spicy background, with notes of exotic fruits, complex and mineral. In the mouth it is long, balanced, expressive, with fruity memories and a long and spicy finish.
